Physician Assistant: Collaborating Physician:

REMOTE SITE: Location of physician assistant's practice is more than 30 miles by road from physician's primary office.

Option 1: Physician Assistants with less than two years of full-time clinical experience:

The first 40 hours must be completed before going to the remote site practice; the remaining 120 hrs must be completed within 90 days of going to the remote site practice.

I hereby certify the hours of supervision will commence as soon as this plan is approved and prior to practicing at the remote site. The completed Verification of Hours of Supervision form will be sent to the State Medical Board immediately upon completion of the required hours (Physician: Initial this statement if applicable.)

Option 2: Physician assistants with more than two years of full-time clinical experience:

- Must attach a detailed curriculum vitae which describes the education, skills, and experience sufficient to meet the needs and demands of the remote site practice.

Upon my careful review, as primary collaborating physician, it is my opinion that the previous experience of the physician assistant documented in the attached curriculum vitae has adequately prepared and qualified this individual to work at the remote site practice location identified in this plan.
